SUMMARY

Frontend Developer with 3 years of experience building **scalable**, **responsive**, and **accessible** web applications using **React.js** and **JavaScript**. Focused on **performance**, **UI/UX excellence**, and seamless user experiences. Strong collaborator passionate about **innovation**, **continuous learning**, and leveraging modern technologies to solve complex problems.

SKILLS

- **Frontend Technologies**: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML, CSS
- **Tools & Frameworks**: Git, JIRA, Confluence.
- **Performance & Optimization**: Lazy loading, code splitting, accessibility enhancements
- **State Management**: Context API

EXPERIENCE

- **Deloitte** — July 2025 – Present
  Front End Developer (Consultant) — *Bengaluru, Karnataka*
  - Working as an **Angular developer** on a B2B commerce platform, building responsive UI components and implementing complex business logic.
  - Driving **feature scalability, performance optimization, and UI consistency** through architectural improvements and code reviews.
  - Mentoring junior developers and fostering **best practices in frontend development**, ensuring quality and timely delivery across teams.

  Front End Developer (Analyst) — Sep 2022 – May 2025
  - Built **accessible, responsive UI components** for B2C platforms, ensuring seamless cross-device performance.
  - Developed **Cart and Pricing Discount modules** for a B2B commerce site, enhancing user experience and interaction clarity.
  - Engineered a **config-driven React Table** and a **reusable component library** (**buttons, tabs, tooltips, dropdowns**) to improve **maintainability**, **consistency**, and **scalability**.
  - Resolved **SIT/UAT defects** and provided on-site support to ensure smooth product launches.
  - Developed a **PoC DevOps tool UI** in **React.js**, integrating **ChatGPT** and **GenAI** for real-time DevOps insights and automation.
  - Designed **interactive interfaces** for the **Vision AI initiative**, enabling users to visualize and refine **AI-generated code** from hand-drawn sketches.

PROJECTS

- **Ubuntu App (Jun 2025)**:
  - Developing an **Ubuntu-themed portfolio web app** ([Live Preview](#)) featuring draggable and resizable **window-like components**, simulating a desktop environment. Showcases advanced **React.js**, **CSS**, and **state management** techniques for interactive UI design.

- **Pokedex App (Jun 2024)**:
  - Developed a **Pokédex web app** using **React.js** and **REST APIs**, enabling users to search and view real-time Pokémon data including abilities, stats, and types. Deployed on **GitHub Pages** ([Live Demo](#)) to showcase **React** proficiency and **API integration** skills.

EDUCATION

- **National Institute of Technology (NIT), Hamirpur** — July. 2018 – May. 2022
  B.Tech in Electrical Engineering; CGPA: ***8.77*** — *Hamirpur, Himachal Pradesh*

ACHIEVEMENTS & HONOURS

- **Applause Award**: Recognized for outstanding contributions at Deloitte Digital. (2024,25)
- **Spot Award**: Excellence in CSS Quiz (2024)
- **Outstanding Award**: Awarded for impactful contributions to major projects (204)
